

Here
we go!

Welcome to Ayvens!

Team Ayvens would like to take this opportunity to welcome you and congratulate you for your new car. We thank you for choosing Ayvens as your Car Leasing Partner.

The User Guide ensures that you have a comprehensive understanding of all the services that we provide. It has been designed to provide you with a quick and easy reference of our services, contact numbers and other essential information to help you get the most from your driving experience. A quick read through the guide is recommended to familiarize yourself with the contents, so that you can gain maximum advantage from Ayven's Fleet Management Program.

We request you to also refer the Owner's Manual provided by your car manufacturer to ensure that you have a better understanding of the features and functionalities of your car. Should you need any assistance, write to us at **india.care@ayvens.com**

You could also visit us on our website **www.ayvens.com/en-in** for any further information. Wishing you a safe driving experience.

Best Regards
Team Ayvens

Fleet management services maintenance and mechanical repairs

For each vehicle, manufacturers specify the time and mileage intervals at which vehicles should report to their authorized service centers for inspection.

These inspections or 'Services' are carried out as per the manufacturer specifications, as per the 'Service Schedule' which is usually incorporated within the Owner's Manual supplied with the vehicle. It is very important for such services to be carried out, as failure to do so may affect the manufacturer's warranty, which may not be honored if it can be shown that a fault arose due to the failure to carry out the required service inspection.

We always endeavor to get services carried out at the manufacturer authorized service centers to ensure that appropriate quality procedures are implemented, and that manufacturer's warranties are not affected.

Fleet management services

Maintenance service

Scope of work

- **Regular Vehicle Maintenance:**

Services carried out in line with manufacturer recommended service schedules: replacement/top ups of the oils, general check-up of belts, brakes, tyres, wipers, lights, etc.

- **Mechanical Repairs:**

Any observable defects or abnormalities are also noted and the recommendations are given.

- Tyres (as per the contracted terms) and Battery replacement as per the check sheet available with the dealer. If you notice any irregular functionality in the car - ANY warning lights appearing on the dashboard like the 'Engine Check Light' or the temperature gauge is showing a high reading, you should not drive the car and get the vehicle checked immediately. Such warnings indicate serious malfunctioning and can compromise the safety of the driver and its occupants, and also may lead to damage to the vehicle. **Please call our 24/7 Toll-free Roadside Emergency Assistance Number 1800-209-5253 (Toll-free) and Dial 1.**

Vehicle Inspection and re-bill guidelines:

An email communication is sent to the customer, 60 days prior to the contract end date to inform the customer about completion of the contract. Objective of this communication is to request the customer (car user or coordination contact from the company) to review the options available to them and share their decision with Team Ayvens by email to **india.remarketing@ayvens.com**.

If a customer decides to return the vehicle, a weblink for conducting self-inspection of the vehicle by the customer would be shared with the customer which will contain a form (Vehicle Inspection Form) for the customer to fill in and acknowledge the requested information such as availability of original RC with its picture, odometer reading, set of keys, insurance policy among other relevant information. Customer also has an option to upload recent vehicle pictures using the weblink.

Upon receiving the information shared by the customer in the form and vehicle pictures on the link, concerned team at Ayvens India would review this and either of the following would be proposed/planned:

- Vehicle return would be planned with the customer upon agreement of date, place and time with the customer

In case the vehicle is contracted for maintenance and repair service and not in

- drivable condition or has major damages, customer is required to book and appointment with customer care for necessary jobs to be undertaken. Customer care details would be provided in the email response from Ayvens India after review of vehicle inspection form.

- In case the vehicle is not contracted for maintenance and repair service and not in drivable condition or has major damages, customer is required to complete necessary jobs to bring the vehicle back to acceptable condition at his/her own cost and at manufacturer authorized workshop of their choice. Customer care details would be provided in the email response from Ayvens India after review of vehicle inspection form, in case the customer wishes to seek support in repairs from Ayvens India.

For conditions b and c, once the vehicle is repaired, customer would update the vehicle inspection form on the new weblink received to share the vehicle condition related information with Ayvens India after completion of due repairs. This form is reviewed, again at Ayvens India and now if the vehicle is found to be in acceptable/drivable condition with all major damages repaired, new weblink is shared with the customer to fill in the vehicle return information form and book an appointment for vehicle return.

Upon receiving the vehicle return information form, concerned team at Ayvens India plans vehicle return in discussion with the customer 2 days prior to the date of pick-up. It is required that the customer provides this information atleast 2 working days prior to the date of appointment. Vehicle pick-up is planned between 10am to 5 pm, Monday to Friday within city limits of the vehicle registration city. In case, the vehicle is not available in the registration city, customer may arrange to bring the vehicle to the registration at their own cost and through a supplier of their choice or seek assistance from Ayvens

India by sending an email to india.
remarketing@ayvens.com for identifying transportation service provider and understanding cost of transportation to be paid by the customer.

Customer will receive booking confirmation email on the date of appointment along with the name and contact details of the representative assigned for vehicle pick-up. This representative will inspect the vehicle for its condition and update the Vehicle Return Form (VRF) on the

weblink at the time of pick-up the vehicle from the customer. Both parties must virtually sign on the online VRF. Customer will receive a copy of duly signed VRF on email at time of vehicle pick-up. Concerned team at Ayvens India would review the VRF within four working days after receiving their copy and identify missing items or repair to estimate costs, if applicable. Customer will receive the communication of such cost prior to receiving the rebill invoice.

Items to be checked at the time of delivery of the vehicle

List of items to be checked by the user at the time of delivery of the vehicle: -

- Complete set of tools
- Number of keys
- Spare wheels
- RTO Registration slip / Tax Receipt
- Insurance Copy
- Warranty booklet
- Service Book
- High security number plate slip
- Remote central lock (if applicable)
- Remote- Music System (if applicable)
- Warning triangle and spare bulb

Fleet Management Services Maintenance And Mechanical Repairs

Procedure

When any regular services, repairs or tyre and battery replacements are required, please call our Customer Care Team on national toll-free telephone number 1800-209-5253 and inform them about the service required. Alternatively, you can also log in to **My Ayvens India** and fill up the service request form online. Please indicate the kilometer reading, contact numbers, preferred date of booking and the nature of the services or repairs to be carried out. We will book an appointment with the nearest authorized workshop within 2 working days from the time the request has been placed by you, and confirm the same to you along with the contact details of the workshop. Once you confirm your acceptance for the service scheduled, and if a door-to-door service is contracted for, Ayvens team will arrange to pick up the vehicle from your office/residence address. If door-to-door service has not been contracted for, then you will have to drop the vehicle at the workshop at the scheduled date and time.

Once the vehicle reaches the workshop and the work required is assessed, we will get a commitment from the workshop on the time required to complete the job based on which we will commit the date and time for returning the car back to you. The latest update can be viewed directly on the My Ayvens India Application

If a relief car service is contracted for, we shall arrange for the relief car as per the terms of the contract.

During this process we will coordinate with the workshop on the progress of the job. If for any reason there is any change to the previously advised delivery schedule, it will be promptly informed to you. The latest update can be viewed directly on the My Ayvens application.

Visit us on the My Ayvens India Portal

Hassle free car service at your fingertips.

or simply say **Hi on our WhatsApp Number**

91 804 306 1674

Upon completion, if door-to-door service is contracted for, we shall arrange to get the car delivered back to you at your office or residence address. If door-to-door service is not contracted for, we will inform you and request you to take delivery of the vehicle from the workshop.

Dealerships are required to follow strict standards set by manufacturers who authorize them as their dealers.

Although we do not guarantee the quality of the vehicles produced by manufacturers, we will undertake to liaise with the dealership/manufacturer as required to ensure that the quality of the workmanship meets the standards set by the manufacturer.

We endeavor to provide a cashless facility at all workshops, however, this facility may not be available at some workshops (especially in non-metro locations). In such cases we would request you to pay the dealer for the jobs approved by us and send the bill to us for reimbursement. The bills need to be addressed to 'ALD Automotive Pvt. Ltd.' - 'A/c Client Name' with the number of kilometers mentioned. Upon receipt of the bills, we will reimburse the payments.

The following items are not budgeted and not covered by us under maintenance services:

- a Fuel additives.
- b Extra washing and cleaning, seat dry cleaning/upholstery cleaning.
- c Polishing, anti-rust treatment, teflon coating.
- d Flat tyres/puncture repairs, parking and tolls.
- e Repairs arising out of additional accessories and fitting of accessories even though their installation is arranged by us.
- f Repairs resulting from failure to follow the manufacturer's handbook and service book.
- g Any damage arising due to faulty use (lack of oil, clutch overriding, use of wrong fuel, driving with a warning light on, trying to start the car in water, repeated cranking of the car, etc.).

Fleet management Services insurance and Damage repairs

Scope of work

- Arranging for the appropriate insurance cover for the entire lease period
- In the unfortunate event of an accident, ensuring that immediate assistance is given through our emergency/breakdown assistance, partners to get the vehicle to the nearest authorized workshop
- Dealing with the insurance company to take the necessary steps for obtaining approval of the repair costs
- Following up with the workshop to ensure proper and prompt completion of the job
- Managing the workshop payment
- Easy exit in case of theft & total loss

The above points are subject to the specific terms of the Master Lease Agreement and the respective Vehicle Lease Contract.

Your vehicle is required to be appropriately insured at all times. Normally comprehensive insurance is taken which covers all damage to the vehicle as well as cover for passengers and drivers. Comprehensive insurance covers all the risks covered in the Motor Vehicles Act, plus loss or damage caused to the vehicle due to:

- Accident
- Fire, explosion, self-ignition, lightning
- Burglary, house-breaking, theft
- Riots & strikes
- Earthquakes
- Flood, typhoon, hurricane, storm, cyclones
- Malicious acts
- Terrorism
- Transit by rail/road, air, waterways

Insurance renewal of the vehicle is handled by us throughout the lease period of the vehicle. The process is initiated 45 days prior to the expiry of the policy. A soft copy of the renewed policy is sent across to each user well in advance of the policy expiry. However, it will be sent across at the mail IDs provided at the time of signing of the vehicle lease contract. If there is any change in the contact details, this is to be informed to us immediately to ensure timely receipt of the soft copy of the policy.

In addition, to comprehensive cover, we also offer a Partial Damage Loss Waiver (where contracted for) to cover the costs of any insurance disallowances on an eligible claim. Wherever Partial Damage Loss Waiver is not contracted for, then the user will have to pay the amount of any such disallowances directly to the workshop prior to the release of the vehicle or we would pay this amount to the repairer and subsequently rebill it to the customer (as the case maybe).

This service will not be available in the event of theft of a vehicle/parts or total loss or if the insurance company declares a claim to be invalid. The claims of the vehicle Insurance can be against accidents, theft or third party claims.

Certain documents are required for claiming this insurance as per the requirements of the insurance company.

These usually include a completed and signed claim form, RC Copy of the vehicle, valid Driving License Copy, FIR Copy and Policy Copy.

CKYC Process for Insurance renewals

As per new IRDA guidelines, CKYC is the mandatory document which is required for renewal of the insurance. As and when it will be required, you will receive an email from Ayvens domain ID requesting for CKYS document. You are requested to revert on the same e- mail ID with the required documents.

How to avail?

In the unfortunate event of a damage or accident to the vehicle:

- If you require any immediate assistance or if the vehicle is not in a drivable condition, please call our **Emergency/Breakdown Assistance Number -1800-209 5253 (Toll Free) and dial 1.**
- If required, the emergency assistance service will arrange to take the vehicle to the nearest authorized workshop and will accordingly intimate our Customer Care Team
- In case, if the vehicle is gone off the road or in a ditch, please specifically mention as it may be necessary to arrange for a crane to retrieve the vehicle on to the road to be then taken away by the emergency assistance service
- Please report the matter within 24 hrs of the incident to our Customer Care Team on **national toll-free telephone number 1800-209-5253**

- Alternatively you may complete the Damage Repair Form available on our website **www.ayvens.com/en-in** with a detailed description, the time and place of accident and the speed of the vehicle and e-mail the same to **india.care@ayvens.com** along with a copy of Registration Copy and Driver License Copy of the driver driving the vehicle at the time of the incident to register the claim
- All the necessary documentation i.e. the Driving License Copy, Registration Copy, FIR (as and when required) should be provided along with the form
- In the case of theft, attempted theft or vandalism, please lodge a complaint with the police and send a copy of the First Information Report (FIR) or receipt of the acknowledged copy of the statement given
- If the vehicle is mobile and safe to drive, we will book an appointment with the nearest workshop in the shortest time possible and confirm the same to you along with the contact details of the workshop alternatively; if the vehicle is not mobile then arrangements shall be made to take it to the workshop within the next few hours. The booking can be done by the user through My Ayvens India application

Visit us on the My Ayvens India Portal

Hassle free car service at your fingertips.

or simply say **Hi on our WhatsApp Number**

91 804 306 1674

- Once you provide an acceptance of the scheduled date, and if a door-to-door service is contracted for, Ayvens driver will arrange to pick up the vehicle from your office/residence.

If door-to-door service has not been contracted for, then you will have to drop the vehicle at the workshop on the scheduled date and time

- Once the vehicle reaches the workshop, we will appoint a surveyor for inspection and assessment of damage which is normally done within 24 to 48 hours of claim intimation to the Insurance Company. On consultation with the repairer and the Insurance Company, the latest update on the time expected for completion of the repairs will reflect on **my.ayvens.co.in**
- If a relief car service is contracted for, we shall arrange for the relief car as per the terms of the contract
- During this process we will coordinate with the workshop for the completion of the job. If there is any delay in completion of the jobs, then any change in the previously confirmed delivery schedule will be promptly informed to you
- Upon completion of the job, if door-to-door service is contracted for, we shall arrange to get the car delivered back to you. If door-to-door service is not contracted for, we will inform you of the job completion and request you to pick up the vehicle from the workshop
- We endeavour to provide a cashless facility at all workshops however this facility may not be available at some workshops (especially in non-metro locations). In such cases we would request you to pay the dealer for the jobs approved by us and send the bill to us for reimbursement. The bills need to be addressed to ALD Automotive Pvt. Ltd., A/c Client Name' with the number of kilometers mentioned. Upon receipt of the bills, we will reimburse the payments

What is not covered?

(The points mentioned below are only examples and should not be considered as a comprehensive list)

- Any repairs arising due to abnormal use of the vehicle, faulty use (lack of oil, driving with a warning light on etc.), problems arising from use of poor fuel quality or fuel error, clutch over-riding
- Accessory repairs or repairs arising due to fitting of additional accessories
- Driving while intoxicated
- Vehicle is driven by a person not holding a valid driving license
- Driving a vehicle in damaged condition that results in additional damage to the vehicle
- Damage caused to the car if the engine is cranked when its stuck in water (Hydrostatic lock)
- Any consequential damage to the vehicle

Fleet Management Services Maintenance And Mechanical Repairs

Prior to handing over the vehicle for repairs, please ensure that all personal belongings are removed including any removable stereo panels as we cannot accept any responsibility for any subsequent loss.

Cases where FIR is Required:

- Death or Serious injury to any party involved
- Theft or Attempted Theft done with malicious intent
- Personal Accident and Worker Compensation Claims
- Commercial Registration Vehicles
- Case of Stolen Fuel Caps
- Loss of Original RC

Benefits and Features

24x7 Service: It is an assistance service exclusive to eligible Ayvens customers. All vehicles enrolled in the program are covered up to 100 kms away from the Ayvens vehicle user's residence. If your vehicle is immobilized outside of the covered area, our Roadside Emergency Assistance may be able to assist you but additional charges may apply. If a crane service is required (eg. to get a vehicle out of a ditch), this will attract separate charges.

Roadside Assistance and Recovery

In the event that your vehicle is immobilized at home or elsewhere in the covered area (as long as the vehicle is not already at our preferred dealer), Ayvens Roadside Emergency Assistance will arrange help for you. Whenever possible, we will always endeavor to arrange assistance by our trained service providers to resolve the problem on the spot, but if the problem cannot be resolved at the roadside, we will organize and pay for the towing of your vehicle to the nearest Ayvens preferred dealer. Please ensure that all your belongings are removed from the vehicle prior to towing, as we cannot be held responsible for any loss or damage to these items.

Keys Locked in Vehicle:

Modern security systems make it extremely difficult for us to gain entry to your Vehicle in absence of spare keys. If spare keys are not readily available, your car shall be towed to the nearest Ayvens preferred dealer.

Alternative Transport (subject to availability of the facilities)

In the event that your vehicle is towed to the nearest Ayvens authorised dealership by Ayvens Roadside Emergency Assistance, best efforts shall be made to arrange for a taxi for the occupants of the vehicle, the bill for which is to be settled directly by the occupants to facilitate continuation of the journey. Urgent Message Relay: Ayvens Roadside Emergency Assistance can also provide an urgent message relay service for you to help keep in contact with family, friends, and/or work colleagues in the event of a vehicle breakdown or accident.

Force Majeure:

Ayvens Roadside Emergency Assistance shall not be liable for failure to provide the services under the terms of service set out in this document. If such failure is caused or contributed by acts of nature, acts of a public enemy, acts of governmental authority or any political sub-division or any department or regulatory agency thereof or entity created thereby, acts of terrorism, orders of any court or arbitrary body, acts of any person engaged in subversive activity or sabotage, strikes, embargoes, delays due to any of the above causes or events beyond our reasonable control.

Adverse Weather Conditions:

Under adverse weather conditions such as excessive monsoon, heavy thunder, snowfall and lightning, it may not be possible to reach you until the weather improves. At such times, the towing of your vehicle may not be possible and it may be more appropriate to enable you to reach a place of safety and then tow your vehicle as conditions permit.

Fleet management
services 24/7 Ayvens roadside
emergency assistance

Wait at Site:

Ayvens Roadside Emergency Assistance understands the frustration and inconvenience experienced by a vehicle owner in the event of a breakdown. Our aim is to ensure that any inconvenience is kept to a minimum. Therefore, on receipt of your call, our fully-trained Call Center staff will immediately arrange for the nearest and most appropriate service provider to assist you. The time you may have to wait will depend on the availability of assistance provider, your breakdown location, and traffic & weather conditions. During the course of the assistance, we will maintain contact with you and provide updates of the estimated time of arrival of the service provider.

Vehicle handover, if necessary:

It is mandatory for you to be present at breakdown location for assistance services to be rendered to your vehicle. In the event of towing, you are required to sign a release form before your vehicle can be towed to the nearest authorized Ayvens preferred dealer. Please ensure that you remove all your belongings from your vehicle prior to towing. Ayvens Roadside Emergency Assistance is not responsible for any loss or damage to personal belongings left in the vehicle.

How to avail?

- Call Toll-free Ayvens Roadside **Emergency Assistance No. 1800-209-5253 (Toll-free) and dial 1.**
- Advise the operator that you are covered by Ayvens Roadside Emergency Assistance and quote your vehicle registration number

- Advise the operator of the location of your vehicle and the nature of the problem

What is not covered?

It will not cover the following problems you may encounter while driving your vehicle unless there is a real and discernible threat to your personal safety and safety of others:

- Faulty Fuel Gauge, Speedometer or Air Conditioning is not working
Passenger door(s) cannot be opened and there are no passengers in the vehicle or Damaged or faulty fuel cap but vehicle has not run out of petrol and there is enough fuel in the tank to enable the vehicle to reach the nearest authorized Ayvens preferred dealer
- Sunroof/Windows cannot be opened or cannot be closed but weather conditions are fair and the vehicle is not exposed to any security risk
- Faulty security system unless the vehicle is immobilized or unless the alarm is sounding continuously
- When the ABS/Airbags/Traction Control/other non-safety related, or service warning lights are illuminated
- If door-to-door service is contracted for, the vehicle shall be taken in for maintenance requirements by us and delivered at a mutually convenient address within the city limits
- Any damages to the vehicle occurring during this process will be treated as an accident and will be dealt with in the same way as an accident repair and shall be covered under the comprehensive insurance policy

Fleet management services few do's and don'ts

- Do not give direct authorization to the repairer to do the job unless it's authorised by Ayvens
- Any external damage to the vehicle is generally covered under insurance and therefore the process of submitting a Damage/Theft form is the way forward
- Damage/Theft form has to be filled out and signed by you and cannot be filled out by us on your behalf
- Repairer will only provide cashless service if a proper authorisation is received by him from Ayvens
- Do not allow anyone to do top ups of oils and consumables - should there be a need, book your vehicle with us immediately as this could mean a bigger problem that needs to be dealt with
- Replacement of tyres and batteries is arranged through the respective dealers and may not be attended through the vehicle repairers. Lastly, the car that you drive has specially been chosen by you and your loved ones and with our partnership we will be happy to help you keep your car maintained the best

Vehicle Return Process Normal

Wear and Tear Standards

When a lease contract expires, the leased vehicle must be returned back to Ayvens usually at the location where the vehicle was

originally collected at the inception of the contract. We will inspect the vehicle to ensure that it is returned with all documentation and standard accessories like Duplicate Key, Owner's Manual, Warranty Book, Original RC Card or Book, and to ensure that the vehicle is in a 'standard condition' which is deemed as a vehicle that has been subjected to normal wear and tear (having minimum fuel/tyres are not flat) considering it's age and mileage. The representative of the client and Ayvens team will jointly inspect the vehicle and draw up a Vehicle Return Report which records differences between the 'standard condition' defined above and the actual condition of the vehicle.

This will explain to what extent damage is considered normal or acceptable wear and tear, and in which cases it is not. This gives you clarity regarding our damage assessment methodology. The client coordinator has to be handed over the signed transfer at the time of delivery or within 1 week of delivery.

Early Termination

In case of early termination of your vehicle, you need to reach out to your relationship manager with a request.

Vehicle return process basis for assessment criteria

Alloys/Rims/Tyres

Acceptable Damage (Normal wear & tear when considering the mileage)

Hubcaps/Rims/Tyres

- Scratches
- Minor abrasions
- Damage to paint surface
- Tyres with minimum tread

Unacceptable Damage (Abnormal wear & tear when considering the mileage)

Hubcaps/Rims/Tyres

- Major abrasions
- Cracks
- Deformations
- Wrong type of rims
- Wrong type and make of tyres
- Damaged or bald tyres or tyres with abnormal bulges and cut on shoulder

The following items needs to be checked at the time of the handover:

- All keys received with car
- Original RC
- Owners manual
- Car toolkit
- Pending Challans (if any issued)

Upon failure to handover the above items, a re-bill will be issued post return of the car. Please make a note that some challans are only known when car is produced for transfer and would be billed when intimated by RTO during the transfer of the car.

Vehicle return process basis for assessment criteria

Body and Paint Work

Acceptable Damage (Normal wear & tear when considering the mileage)

- Minor stone impacts to the front part of the vehicle
- Scratches and abrasions in the vicinity of door handles
- Faded paint work
- Abrasions to paint work caused by car- wash equipment

Under 2 cms in diameter

- Individual dents without the paint work being damaged
- Individual depressions without the paint work being damaged

Unacceptable Damage (Abnormal wear & tear when considering the mileage)

- Dents over 2 cms in diameter without paint work damage and with damage to paint work
- Depressions over 2 cms in diameter without damage to paint work & with damage to paint work
- Collision damage not repaired
- Damage to paint work requiring painting
- Any dent or damage that has resulted in corrosion
- Removal of tapes and stickers
- Damage caused by roof racks
- Repairs or repainting of panels without reporting to Ayvens team

Bumpers/Body Mouldings

Acceptable Damage (Normal wear & tear when considering the mileage)

- Minor scratches on bumpers and body mouldings
- Minor scratches and abrasions on edges of doors

Unacceptable Damage (Abnormal wear & tear when considering the mileage)

- Significant scratches on bumpers and body mouldings
- Missing or damaged tow bar covers

Windows, Lamps and Mirrors

Acceptable Damage (Normal wear & tear when considering the mileage)

- Scratches on lamps
- Minor stone impacts on windscreen- without cracks
- Additional lights that meet legal requirements

Unacceptable Damage (Abnormal wear & tear when considering the mileage)

- Cracks in lamps
- Broken lamps
- Cracks and damages from stones in windscreen and other windows
- Mirrors that are scuffed and scratched, torn off or hanging loose, non-operating internally operated outside mirrors

Vehicle return process basis for assessment criteria

Acceptable Damage

(Normal wear & tear when considering the mileage)

- Faded surfaces
- Abrasions
- Normal soiling
- Headlining which has light abrasions or soiling

Unacceptable Damage

(Abnormal wear & tear when considering the mileage)

- Persistent stains
- Cigarette burn holes & cut/tear
- Stubborn stains & bad odour
- Animal hairs (requiring replacement of upholstery)
- Excessively soiled headlining that cannot be cleaned

Marks left by removal of accessories

Acceptable Damage (Normal wear & tear when considering the mileage)

- Small screw holes which have been concealed unacceptable damage (Abnormal wear & tear when considering the mileage)
- Modifications which cannot be reverted to original state
- Visible screw holes and which cannot be concealed
- Damage to paintwork because of installed stickers or removed stickers

Miscellaneous

(Unacceptable Shortcomings)

- Equipments not returned
- Stepney or Spare Tyre
- Missing Wheel Nuts, Wheel Nut Lock
- Hubcaps and Wheel Caps
- Car Music System, Remote and Speakers
- Tool Kit
- Complete Set of Keys and Remote as originally provided
- Service Manual and Warranty Booklet
- Owner's Manual
- Jack and Jack Handle
- Vehicle Registration Certificate
- Insurance Policy
- Permit/Fitness Certificate/Road Tax Paid Receipt

Early theft / Total Loss

Following documents are required in case of Early Theft / Total Loss :

- Original FIR- Registered under Crime Section 379
- Original Vehicle Registration Certificate (RC) – If it is lost with the vehicle please mention in the FIR
- Original Insurance copy (If available)
- Copy of Driving license
- All Vehicle Keys
- Theft and Damage form duly signed by the user.
- Original NTR – Need to be collected from the police station as soon as the investigation is completed. Normal waiting period is 3 Months.
- RTO Extract - to be submitted along with NTR
- Indemnity and subrogation (Insurance company will share the same of signature once claim admissibility has been confirmed.

About Ayvens India

ALD Automotive India was founded in 2005 whereas LeasePlan India in 1999.
